The Valley Center for the Blind is committed to helping our visually impaired clients to become more independent. We achieve this by providing several classes and services.

**We are a Non-Profit,
501 (c)(3) Organization.**

**Your financial support is
needed to continue
providing these vital
services.**

**We welcome donations,
and all contributions are
Tax Deductible.**

Mission Statement

*To empower the blind and
visually impaired, and to
expand their opportunities.*

Center Hours

8:00 AM - 4:30 PM

Monday - Friday

WHAT: VCB is a special agency that provides services to the people of the Central San Joaquin Valley that are blind or visually impaired.

Established by Dr. Andrea Schwartz, on July 19, 1973.

WHY: We are here to meet the needs of the estimated 10,000 blind or visually impaired persons by providing a wide range of adaptive activities which will enable the blind and visually impaired to maintain maximum independence and remain in their homes.

SERVICES AND PROGRAMS: Counseling, and other services are provided under supervision of specially trained staff and volunteers.

INFORMATION AND REFERRAL: We can help link the person and their family with available services, acquainting them with other people that "have been there."

INDIVIDUAL AND FAMILY COUNSELING: Counseling provided to assist with personal and family adjustments to vision loss.

PEER SUPPORT GROUPS: conducted by our therapist and staff, including people that are interested in helping each other learn how to cope with sight loss.

THERAPEUTIC RECREATIONAL ACTIVITIES AND CLASSES: such as learning how to cook again after the loss of sight. Ceramics: besides the social and fun projects, it teaches the fine finger & hand control needed. Typing, Braille, and Computer skills are available. Enrichment and Advocacy classes to ensure the quality of life are taught.

OUTREACH REHABILITATION SERVICES: teaching skills of Daily Living, Marking appliances and personal items, and using adapted equipment in the home and the community for everyone's safety and well-being.

FUNDING: is provided by grants, fundraising events, and private donations.

VOLUNTEERS: We have some of the best people who volunteer their time and skills. If you are interested in becoming a volunteer, please contact us. We offer special training to all Clients, Family members, and volunteers of all ages.

LOW VISION CARE: Through referrals to local Low-Vision Clinics and Follow-up assistance with Special Equipment.

COMMUNITY EDUCATION: Speakers are available for in-service training for Senior Centers, Service Clubs, Nursing Home Staff, Hospitals, and Schools.
